BOARD DIRECTED GRANT APPLICATION INSTRUCTIONS**

**PURPOSE FOR GRANT MAKING**

The Foundation makes grants to support creative and innovative programs, current or emerging charitable opportunities, services not presently offered and occasional capital projects – all of which should enhance the quality of life in the community.

- Especially interesting are projects proposed by coalitions of service providers, by those likely to gain support from matching fund arrangements, and by those replicable in design by others.
- Special attention will be given to projects that apply to a broad segments of the population.
- Projects funded should not represent significant duplication of initiatives already undertaken by other nonprofit agencies.
- Low priority will be given to programs or projects of churches which have a narrowly sectarian purpose. However, programs will be considered if they have an ecumenical base or are designed to serve persons in need of food, clothing, shelter or counseling with regard to their religious affiliation.
